Dear Brothers & Sisters of Global Sahaja Yoga Family

Jai Shri Mataji

As we all know, for one reason or another, the Dream Project of all the children of our Divine Mother to build a magnificent Shrine over the permanent resting place of Shri Adi Shakti Mataji Shri Nirmala Devi, in Her Sakar and Nirakar, at Nirmal Dham - Delhi has been awaiting since the day She assumed Her Chaitanya Form. The Life Eternal Trust, Delhi is extremely delighted to apprise the Sahaja World Collective that this ardent pure desire and the wish of all the Sahaja Yogis and Yoginis all over the world to build a beautiful and unique monument as the 'MahaSamadhi' of Shri Adi Shakti which would forever be listed in the golden pages of History is finally on track and shall be fulfilled with cooperation of you all. It is a pleasure to inform the global family that we have marched a step ahead in this direction and the necessary legislative procedures which needed to be completed so as to procure the government's approval for accepting donations from donors staying in countries other than India (i.e. Foreign Contributions) to bring this huge and sacred project to fruition have been successfully completed!

It enables all our brothers and sisters from abroad to be associated in this gigantic task. Let us all come forward and donate profusely for this Divine Cause, pray ardently to the Mother Divine and put all out efforts to work it out. We have only to become Her sincere instruments leaving everything else to Her. 'Thy will be done, O Mother of the Universe!'

Another outstanding step is to finalize the design (map) of the Shrine to be built up. Earlier a few Designs were sent by some of the Sahaja Yogi architects to us and these were forwarded to most of the country collectivities and concerned Sahaja Organizations for their opinions/comments/suggestions. However, there was absolutely no response from any corner of the Sahaja world. This most important step, as such, remained pending. Now LET, Delhi is in touch with a few expert

Shrine Architects and also makes earnest request to all the Sahaja Yogi Shrine Experts/Architects to send Designs incorporating International architecture and subtle salient features of Sahaja Yoga system taught by Shri Mataji so that this Shrine become a unique piece on the surface of this earth. The finalization of the design shall be made by the panel of expert Sahaja Yogis (yet to be formed) having delegates from all over the world. You may please email the designs along with your suggestions etc. to....

It will not be out of place to add here that there is some confusion among sahaja yogis that a huge amount of donations in foreign currency have been sent to LET Delhi to build the Shrine (MahaSamadhi) at Nirmal Dham (India). In this regard we shall like to clarify that so far we have received absolutely no donations from abroad and that no one should believe such rumors because without permission/registration under Foreign Contribution (Regulation) Act, from Government of India, LET Delhi could not accept such foreign donations.

We thank all our brothers and sisters for their patience and support they have lent so far. Please do continue it. Also once again we approach/appeal you all to donate wholeheartedly for the achievement of this noble cause and receive in abundance blessings of the Divine Mother -Shri Adi Shakti.

With all Love & Regards!
